This is to give notice:

Webster Parker, late of the District of Columbia, deceased; all persons having ciaims against the said deceased are hereby warned to exhibit the same, with the vouchers thereof, to the subscribers, on or before the 15th day of July next; they may otherwise by law be excluded from all benefit of the said estate.

Call of New York city, until recently of Kansas, delegate-at-large from the state of New York to the people's party national convention, and a prominent "middle-ofthe-road" populist, has been appointed chairman of this provisional committee. He said last night that in order to be in readiness to act in such a contingency, the following letter had been addressed to dele-

THIS IS TO GIVE NOTICE THAT THE SUBscriber, of the District of Columbia, has obtained from the Supreme Court of the District of Columbia, holding a special term for Orphans' Court business, letters festimentary on the personal estate of John Douglas McPherson, late of the District of Columbia, deceased. All persons having claims against the said deceased are hereby wurned to exhibit the same with the vouchers thereof to the subscriber on or before political action."
This letter was sent out in pursuance o a motion adopted by the temperary organization of the dissenting delegates of the convention. The resolution follows: vouchers thereof to the subscriber on or before the 11th day of July next. They may otherwise by law be excluded from all benefit of the said "That the committee heretofore appointed to ascertain the decision of William J.

Bryan, relative to his acceptance of the nomination for President of the United States tendered him by the populist party in convention assembled, and, further, to ascertain his willingness to indorse the platform adopted by said party in said convention, be required to report within ten days. That provisional national committee, consisting of one member from each state. be appointed by the chairman of this meeting, which committee shall receive the report of the aforesaid committee, and shall thereafter confer with each other and with the delegations from the various states relative to what further action shall be taken. That each member of said commit-

tee shall be ex-officio chairman for his s ate of this temporaray organization." POPULISTS FOR McKINLEY. Texas Leaders Dissatisfied With

Bryan. Leading populists at Austin, Texas, bitterly denounce the action of the St. Louis cor.vention nominating Bryan. John Caulfield, a prominent local populist leader,

"It appears to me that Jones and the spoilsmen at St. Louis ran that convention in the interest of Bryan, and it looks to me as if we have been sold out. To accept of the convention's action is to destrey the populist party. So far as I am concerned, I propose to work to defeat the St. Louis spoilsmen and I shall vote for McKinley. The populist convention meets in Galveston the 5th of next month, and I shall work there to bring about a fusion in Texas with the republicans. They made a proposition to our party some time ago proposing to support our ticket for state offices if we would support their electors. Myself and others opposed it,

and the matter was dropped.
"I will row, however, advocate it at the state convention, and I believe it will be state convention, and I believe it will be agreed to. Such a course, to my mind, will save our party organization in the state, and I believe it will give Texas to McKinley and oust the democrats from the

state offices."
Gould Martin, another prominent populist, who has often been represented on their ticket, concurs with Caulfield and they claim they represent a large majority of the populists in the state.

BRYAN'S NOMINATION.

The Silver Party Will Formally Notify Him of His Selection in Baltimore. William P. St. John, treasurer of the national silver party, returned to New York yesterday from the St. Louis convention. He said:

"The national silver party has accepted an invitation from Baltimore merchants to notify Messrs. Bryan and Sewall in the city of Baltimore. The notification will be made about fourteen days after the democratic notification in New York.
"The place of headquarters will be de-termined by Senator J. K. Jones of Arkan-

sas, chairman of the democratic national committee. It looks at present as though he would select Washington for headquarters. Whatever he does will be followed by the silver party.
"In state and municipal affairs the na-

tional silver party will not move. This will leave the republicans to vote their own state tickets, but the national silver party will have a congressional candidate in every district where the democratic nominee favors the gold standard."

Mass Meeting of Colored Citizens at Shiloh · Baptist Church.

Resolutions Condemning the Practice Adopted-Speeches by Mrs. Ida Wells Barnett and Others

Despite the intense heat which prevailed last evening, Shiloh Baptist Church, L street between 16th and 17th streets north west, Rev. J. A. Taylor, pastor, was crowded to listen to speeches against the lynching of persons charged with crime, whether they be white or black.

The meeting was called to order by Mr. Taylor, who conducted devotional exercises, following which Prof. J. M. Langs ton was introduced as the chairman for the occasion. Mr. G. Snowden was secretary.

Prof. Langston explained the object of the n.eeting and reviewed the history of the movement, which was started several weeks ago in order, he said, to create a sentiment in antagonism to the spreading of lynch law, which had, he said, reached alarming proportions in Maryland. Mrs. Barnett's Speech.

Mrs. Ida Wells Barnett, who was then introduced, said she realized four years ago, from the killing of some of her friends in the south at the hands of lynch law, what a barbarous practice lynch law

"It is indeed high time," said she, "that you should do all you can to put down lynching. If we consider that it devolves upon us to remind this great nation of the evils of lynch law we should do all we

can to carry out our mission.

"The time has come when we should act as well as pray. It is our duty to get all the facts about every lynching and to lose no offortunity to show to the public that the people of this country are first becom-ing a nation of murderers."

Mrs. Barnett further said there had been many crocodile tears shed in the United States over affairs in Armenia, when at

the same time there is a far worse state of matters in this country. She also said it had been charged that the colored people were making a race issue of the lynchings, but this was a mistake, the race issue had been made by the lynchers and mobbers themselves.

The statistics, she said, showed that of

the lynchings which have occurred in this country during the last ten years ninetenths of them were of colored people. In advising her hearers what course to pursue, she said:

Educate Public Sentiment.

"Get yourselves united and educate public sentiment on this subject, and there will certainly be a reaction. Point out to the world that not only is the colored race injured by the lynchings, but the American ration is disgraced thereby.
"There ought," said she, "to be societies

organized throughout the country, certain-

fore every national gathering and explain the horrible character of lynchings. I have never spoken before a white audience that they were not amazed to learn that from 150 to 200 persons were lynched in this country each year and that nearly all of hese were negroes." Mrs. Barnett, continuing, said that what was needed in the south was that white

and colored men who commit crimes of a In concluding she appealed to her audience not to let the agitation on the sub-ject which has been started here die out,

but to push forward the movement until lynchings are a thing of the past. Later in the evening it was determined to have a committee appointed by the chairman of the meeting to make arrange-

Later in the evening it was determined to have a committee appointed by the chairman of the meeting to make arrangements for carrying Mrs. Barnett's suggestions into effect.

In a second address Prof. Langston said it was the intention of the maragers of the present anti-lynching movement to go before Congress this winter and urge the passage of an anti-lynching law, and if this is secured to make an appeal to the legislatures of the several states for the enactment of similar legislation.

That all may have an adequate and correct idea of the McCoy trealment, the wonderful results of the McCoy trealment, the won enactment of similar legislation.

Resolutions Adopted. Mr. Thomas L. Jones submitted the following preamble and resolutions, which were unanimously adopted:

"Whereas the foul spirit of mob violence and lynch law is becoming so prevalent and has assumed such alarming proportions in this country as to make it impossi-ble for many individuals charged with crime to be permitted to enjoy an impartial trial according to the provisions of the national Constitution, which should be held inviolate: and

"Whereas it is destructive of popular lib erty and a menace to our government and its institutions, as well as to the best in-terests of the life, liberty and property of American citizens, to permit its further toleration in any portion of this country, "Whereas the public press, the two great political parties and the white ministry of this country have been slow to denounce these crimes as foul blots upon our national escutcheon and harbingers of revolu-tion, anarchy and a subversion of the re-

public;
"Therefore, be it resolved, That we, as American citizens in mass meeting assem-bled, do derounce and condemn these lynchings as inhuman, barbarous and unof our government, which rests upon the sure foundations of law and order. "Be it further resolved, That we call up-

on the entire pulpit, the public press and the lovers of liberty, of home and of government throughout the republic to join us in this effort to exterminate this growing evil of lawlessness in this country, to the end that our government may be saved and the rights of life, liberty and property be as our fathers intended them to be—the common heritage of all."

What Mr. Jones Said.

Before the vote was taken on the adoption of the resolutions, Mr. Jones said: "In meeting here tonight to denounce lynch law and mob violence, let it be understood that we come not as colored men or as white men, but as Americans, in de-fense of the citizens and to preserve our government against the forces of anarchy, outrage and lawlessness, which are under-mining the fabric of law and order, which is the Gibraliar of the nation's hope and the sheet anchor of all our liberties. In our efforts to arrest the progress of crime and lawlessness in this country and to advocate the right of all men to be tried by law when charged with crime, we are act uated by the most exalted spirit of patriotism and the broadest principles of humanity, for we recognize the fact that whatever tends to destroy our social and politi-cal system and to endanger the stability and perpetuity of our government, which is founded upon law, is equally pernicious in its destruction of the negroes' rights, as it is the rights of our Anglo-Saxon brethren. Then why should it be thought strange that the negro should be foremost in denouncing that which he knows to be subversive of justice and has for its object the destruction of a government which we have given 186,000 brave soldiers to defend? It is a sad commentary upon our Christian c'vilization that the spirit of law-

Christian c'vilization that the spirit of law-lessness has been allowed to assume such stupendous proportions."

Mr. R. S. Tharin, president of the Pro-American Alliance, who was introduced by Prof. Langston, after referring to the way in which Mohammedanism was introduced, "Armenia now lies bleeding from the fre

quent attacks of armed mobs, and, alast diplomacy affording no relief. Christendom looks on with indifference, and our own country tamely waits for some other na-tion to interfere." Short addresses were made by Rev. J. A Taylor, I. L. Thomas and others.

started to drive across the Colorado desert from Benning, Cal., to Yuma, Ariz., six weeks ago, have been lost in the desert. They went on a mining and prospecting tour along the Colorado river, and were "grub staked" by James Coyle, the Pomona, Cal., hotel proprietor. Coyle heard from Clark from Benning, and eight days later from Volcano Springs. From Pomona Clark wrote that their suffering on the desert had been fearful. They were almost out of provisions, but pushed on to Yuma. Coyle has heard nothing since from Clark and Sanford. Sunday night a prospector named Higgins sent word that he found two bodies answering the description of Clark and Sanford on the desert twenty

The bories were decomposed, but the clothing was identified, and two miles distant a dead horse was found with a wagon answering the description of the one they had. No doubt the bodies are those of Clark and Sanford. Clark was a nephew of ex-Governor My-ron H. Clark of Canandalgua, N. Y., and was a cousin of State Treasurer Colvin of Glen Falls, N.Y. SOUND MONEY DEMOCRATS. Fifteen States Will Be Represented at the National Convention.

Ex-Congressman William D. Bynum, who is a member of the subcommittee of sound money democrats arranging for a national convention to nominate a sound money ticket, said yesterday in Philadelphia that fifteen states have already indicated that they will be represented at the meeting in Indianapolis August 7. There are a few of the far western states that will not be rep-resented at the meeting of August 7, he said, because the time is so short that they cannot get their representatives there. States are beginning to organize, Mr. Bynum said. Minnesota has already appointed delegates, Texas is in line and Kansas has sent word that the state will be or-

ganized immediately. NEW YORK AND Mckinley.

"They understand," he said, "that a 53cent dollar will be even worse for them than for the bankers, and capitalists, for great numbers of them have accounts in savings banks in gold dollars or their equivalent.
